SMART PACK  
FOR SMART BRANDS

- **Smartpack** is a leading innovative producer for plastic packaging of cosmeceutical and pharmaceutical products.
- We provide high-quality plastic packaging with different raw materials to be suitable for different industries like; veterinarian, pharmaceutical and cosmetics manufacturers.
- All products are premium quality and produced in our ISO-certified production facility in Egypt. Our packaging options include but not limited to; PET bottles, PET jars, PE jars, PP caps, press caps and flip-top caps.

### Our vision:

To be a pioneer in sustainable cosmeceutical packaging solutions for the MENA region by 2025.

To be our customers first choice when selecting an advanced-class manufacturer of plastic parts, assemblies and the provider of related technical services.

### Our mission:

Satisfying the needs and expectations of our customers by creating trendy packaging solutions that are smart and functional with competitive pricing and consistent value.

A clear PET bottle neck and its matching cap are shown against a light blue background. The bottle neck is on the left, and the cap is on the right. Water splashes and droplets are scattered around the bottle neck, creating a dynamic and fresh appearance. The text 'PET PERFORMS' is overlaid in a bold, dark blue font.
